Welcome aboard the latest issue of *For Men,* the uniquely erotic magazine for the seriously sex-crazed. So what sumptuously sensuous delights lie in store for our readers this month?

First and foremost, of course, that for which we are rightly renowned - page after pussy-packed page of pictures of the most gorgeous and least inhibited girls around.

Then there's *Neighbours*, our horny photo feature in which the sexy girl or housewife nextdoor bares all. This month a gorgeous young art student poses for the very first time, and enjoys herself so much she practically makes love to the camera.

This month's erotic fiction is a steamy little yarn called *A Voice in the Night.* It's the tale of Lana, a delicious young wife who, when her husband's away and she's feeling in need, picks up the phone and dials around until she finds an equally horny guy to talk to, with explosive results…

Then, as always, there's *Busted*, for connoisseurs of seriously big boobs; *On The Couch,* in which the totally unshockable Felicity Ryder deals with readers' sexual and emotional problems; the amazing *Eros* interviews report on sexual shenanigans at the office party; a test drive in the elegant new Nissan 200SX; and a look at synchronised swimming. And much more.

Until next time, enjoy and stay horny!

GAGGING ORDER

Looking back over last year's issues of *For Men* , my first choice for the girl whose freshly-worn panties I would most like to be gagged with is the gorgeous Victoria, in your June issue. Running her a close second is fabulous Jodi, in your August issue. And an extremely close third is the wonderful Nina, who graced the Busted feature in the April issue.

Of course, all your girls are absolutely terrific, so it is very difficult to choose. It took me a long time (but it was very enjoyable!) to decide on the above three. I would be very interested to hear the sexy selections of other readers. Meanwhile, I'm looking forward to your next great issue, as ever.

Whatever happened to the "Good 'ol cheap whore?"

FRENCH LETTER

I am young, horny French man. Each month I buy *For Men* and I am watching very sexy and beautiful girls. I love most when you show such girls taking off step by step their knickers, especially when they are let down until their ankles. Also, when they keep their knickers on one thigh, or one leg it is of the utmost excitement to me.

I love especially white knickers in cotton with lace. Also two girls with themselves, and nice bosoms and backside, not too big. Like many men I love stockings and suspenders. Each month I can see that and it gives me great pleasure I must say. I love them a lot.

Please, I would very much like to see more photo's like this. Thank you. Also, I would be happy if you could show girls taking off their knickers and playing with themselves. Thank you so much for your listening.

JG, France

NO HOLES BARRED

What a lot of wankers you men all are. You're all talk but no action. I'm thirty-five and my friend is thirty-two, we're both divorced, attractive and smartly dressed, with bloody good bodies still. And we need a lot of sex, of all kinds. Not the occasional quick shag in the missionary position with some wimp with a cock the size of a chipolata sausage, but some real down and dirty, heavy duty stuff with no holes barred. Preferably with both of us together.

We're both bi, we love to experiment, and we're game for anything. But none of the guys we meet

We'd like to hear from you, so write to:
For Men, PO Box 604,

can stand the pace. They're all so straight, and they get all shocked when we suggest something a tiny bit unusual. And they're not even any good at the straight stuff. We're still waiting for them to start when they've shot their bolt and are scrambling into their trousers to get home to mummy. Men? Huh! Don't make us laugh.

SA, Wetherby

SMITTEN BY CLARISSA

I'm writing to say how grateful I am to your magazine. For a long time my girlfriend and I have been turned on by the thought of her finding a bi or lesbian girl for regular meetings. But there seemed very little chance of it ever being more than sheer fantasy, as she is rather shy.

Then I started getting *For Men* , and leaving it lying around where she could see it. After a while we started looking at it together, and she had to admit that your girls were extremely attractive, and made her feel very sexy. The next step was looking at it in bed together, with me giving her prolonged oral while she looked at the pictures, which she loved.

Things climaxed (and how!) when she saw the pictures of Clarissa in your November issue. She was so smitten by how beautiful the female body can be that she answered a couple of contact ads from bi girls and is meeting one of them soon, and looking forward to it very much. Now we'd both love another look at Clarissa in a fresh pose if that's possible - she is so gorgeous. We really have her (and you) to thank for spicing up our sex life in this way.

LUCKY TRUCKER

Driving down the autobahn recently (I'm a trucker) a car drove up beside me. I looked down and saw two little darlings in it. Both of them were young and attractive. The one who wasn't driving had her seat tipped right back and was using a bloody great dildo of some kind on herself. I was looking down from my cab and I could see everything. She seemed to make herself come, then she pulled it out and gave it to the girl who was driving and this one started licking and sucking on it while the first girl had her hand up her skirt. I think she came too. They swerved about a bit, anyway.

Then they gave me a wave and tooted the horn, and roared away laughing their heads off. I wish they had tooted my horn. I had to pull in to the next truck stop for a quick J Arthur a bit sharpish.

I wonder if any other drivers have seen these two? It was a great sight and I'll be looking out for them.

SPANISH SPORRAN

I have just met a Spanish girl with the hairiest beaver I've ever seen. Her pubes were so thick, I thought she was wearing a sporran under her panties. Searching for her pussy in all that hair was really exciting. I'd love to see the occasional hairy girl in *For Men*, please.

"I like a mature, experienced man.
A man who'll take the time and trouble to get the atmosphere exactly right,
with soft music, low lights, and chilled champagne.
He'll spend time talking to me, kissing me, undressing me very, very slowly,
gently caressing me - not in the obvious places at first,
but touching my ears, my neck, my toes, my belly.
Then slowly move on to my breasts, my nipples, my bottom. Making me wait,
so that I end up practically begging him to touch my sopping wet pussy.
And when at last he does touch me there, I want his fingers,
then his mouth for a long, long time, before he finally enters me.
I'll do anything for a man like that."

TUXEDO JUNCTION

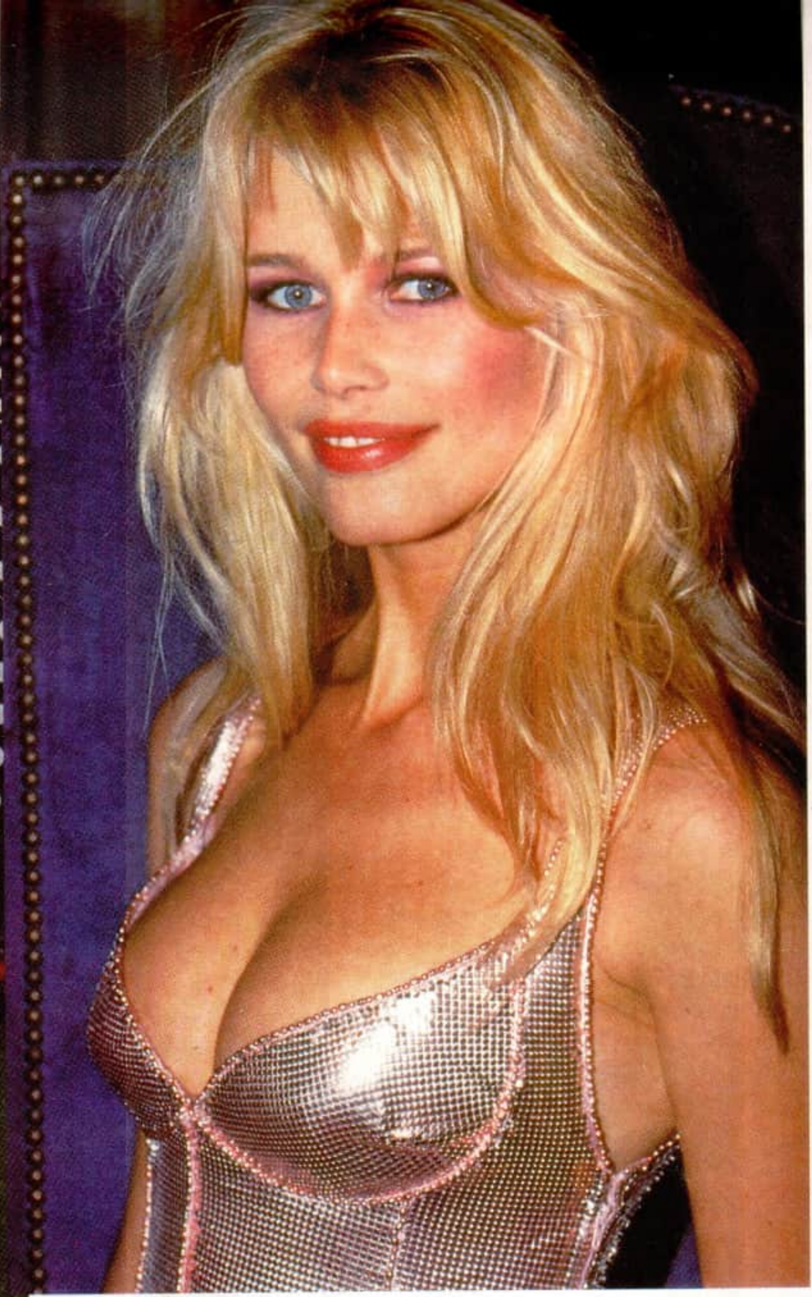
When you're fabulously rich, amazingly famous, absolutely wonderful and completely adorable, it's incredibly easy to look a total prat!

Looks like Anne Nichol Smith has boobed and put her dress on back to front.

Paula Hamilton will never be short of a sparring partner. We'd all love to lay a glove below her belt

To be Frank, Arfur looks like he's just seen a ghost.

And we thought Dorien was one
Bird who'd never let anyone walk all over her…



Looks like Claudia Schiffer made her top out of kitchen foil. Wonder if she's wearing clingfilm knickers?

Motormouth Ruby Wax isn't lost for words. She's just remembered she's left Jean Pierre on the back burner.

How to Hold a Pervy Party

It's the season of good willy and everyone is having a party. But how do you make yours go with a bang? Tarty goer Sally Williams has some saucy suggestions...

Don't you just love parties? The loud music, the groping on the sofa, the secret snogs under the coats in the spare room, I even like the warm wine and awful Abba CDs! Last time, my boyfriend held his in the kitchen - till somebody told him to put it away. He was wearing a pale beige suit and is so thin they were afraid somebody might mistake him for a sausage on a stick. But there's a secret to making yours go with a bang, in every sense! I mean what's the point of a party if nobody comes?

Nothing gets a party going quicker than dressing in kinky clobber. Fancy dress is okay if your idea of being wildly outrageous is wearing a white blouse, short skirt and stockings and pretending to be a schoolgirl, but I prefer something a little saucier.

Fancy Undress

Fetish parties are fun. Get the girls to slip into their raunchiest rubber gear, glossiest high heels and pervy PVC, and dress the fellas as frilly french maids! It gives a whole new meaning to a quiet night in watching the TV. Be careful though, don't turn the heating up to high or with all that rubber your room will smell like a branch of Kwik Fit. And, girls, don't stand too close to the fire in your PVC catsuit. I did once and spent the rest of the night in casualty getting the plastic surgeon to peel it off my pubes.

Vicars and Tart nights are the answers to a few girls' prayers too. A good chance to wear your highest heels and lowest neckline, then spend the night bashing a Bishop. Sex is a religion for me. Most nights just before going to sleep, I have a little communion then sigh, "Ah men!"

I've listed some of my best party games above but here's another one you might like to try.

Game for a Shaft

If you're holding a fetish night, why not annoy the people in rubber by rubbing them on your woolly pully and sticking them to the ceiling? Failing that, find two girls and two guys in full latex catsuits and twist them into the shapes of various animals - dachshund, reindeer, poodle, that sort of thing. Of course, they won't look anything like real animals but that's never stopped those bloody clowns at kids parties.

As you get older parties get more upmarket. The Party Fours become petit fours, and food is almost as important as booze. After all we all like to get something nice and filling inside us by the end of a night out, don't we?

It's best to use your fingers at parties - even for food. Find an excuse to use nice gooey food you can spill and suck off each other. Personally I always use my hostess trolley. It's a trolley the hostess (that's me) lies on stark naked except for a selection of tasty nibbles. The guests then have to eat it off me (no knives or forks are provided!). "Dinner's on Sally tonight!" means something quite different here on the south coast...

A few weeks back I refined it even further with a bit of bondage. Everyone had to eat their meal with their arms handcuffed behind their backs. All the girls were given juicy

PORKY PARTY GAMES

Blind Man's Muff: Blindfold and handcuff the hunkiest fella and get all the girls to whip their knickers down. He then has to lick each girl out with just his tongue to guide him.

Pricktionary: One of the girls draws a picture of one of the male party-goers pork sausages. The other girls then have to guess which guy it is. The winner gets ten minutes to do whatever she likes with it!

Screwdo: At the start of the party a guy takes a girl to somewhere in the house and shags her. From asking highly personal questions during the course of the party, the guests have to establish who shagged whom, in what room, using which sex aids and in what position.

Hunt the Fumble: A girl and guy go off somewhere in the house for a grope and the others have to find them by guessing where the panting is coming from!

Dustman's Knock: Yes, it is like Postman's Knock only much dirtier. The problem is you don't come so often — and when you do, most goes on the floor.

Squeak Porky Squeak: All the men sit down with their willies out and a girl is blindfolded and allowed to rub, lick, suck or fuck one of the party members.

sausages and thin bananas to build up their lip muscles while the men had to lap their beer from bowls to get their tongues in training. Then one by one they had to give me a long good night kiss...

Boring bastards who can't amuse themselves often resort to booking entertainers to liven up their party. I can't see the point. I mean if I want a gorilla to grope all the girls, I'll invite Oliver Reed!

Strippagrams are even worse! Some of those girls are more wooden than the rain forest, and to make matters worse, after the "Honey Trap" set to capture that guy Stagg, these days when the policewoman tries to seduce the fellas by stripping off, chances are she's a real WPC!

Music to Snog To

No, the secret to holding a really ripping party is getting everyone to dress in their sexiest, perviest, kinkiest gear so that they're feeling horny long before they even start, giving them plenty to drink and some very naughty games to play, then putting on lots of sloppy music to snog to as the drinks work their wicked magic! A few more parties like that, and we'll all be having a happy new year! See you there - I'll be the tart shagging under the coats. Why not join me, eh?

Guaranteed to break the ice (and her knicker elastic)

She guesses who it is by the noises he makes while doing it!
Grown-Up Twister: The girl and bloke dressed in the most colourful clothes lie down while the other party goers spin an arrow to dictate which part of their body they put on each colour (hand on red, knob on blue etc). The arrow landing on pink means you can put it anywhere on their bare body.
Monotony: Go to somebody else's party instead and listen to some prick talking about DIY, foreign holidays and the latest David Attenborough series while drinking Piat d'Or and eating drab salad. Bor-ring!

Tracey and Sharon visit the zoo, and Tracey immediately falls in love with the elephant.

"Ooh, I must have it, let's smuggle it out and take it home," she screeches.

"Don't be daft," says Sharon, "it's too big, you'll never get it out of the gate."

Then Tracey sees a lion and falls in love with that. "I've got to have it. I must take it home."

"No way," says Sharon, "it's too big, you'll never get it out of here."

Then Tracey spots a skunk. "Right. I'm definitely going to take this one home."

"But how will you get it out?" asks the practical Sharon.

"Easy. I'll hide it in my knickers," says Tracey.

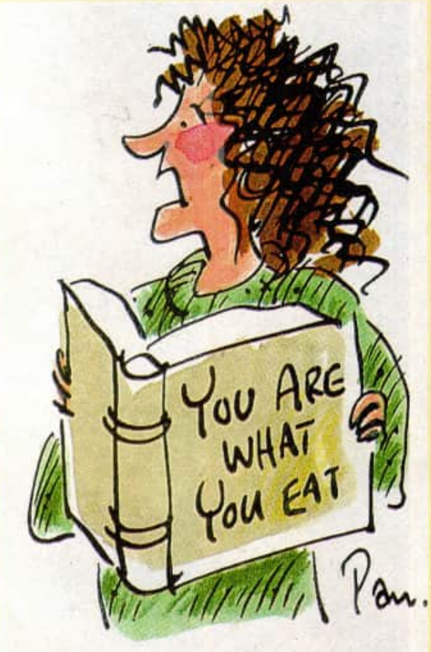
"But what about the smell?" asks Sharon.

"No problem," says Tracey. "I'll put a clothes peg on its nose."

A guy joins a silent order of monks, where he's not allowed to say a word for three years, then he's allowed two words. When his first three years are up the Abbot calls him in.

"Well, Brother John," says the Abbot. "You've been here three years. What are your two words?" "I'm hungry," says Brother John. "Very well," says the Abbot. "Speak to me again in three years."

Three more years go by, and Brother John is again called in by the Abbot. "Brother John, you've been here six years now, and you're allowed another two words. What are they?" "I'm cold," says Brother John. "Duly noted," says the Abbot. "You may speak to me again in three years time."



YOU ARE WHAT YOU EAT
Pam.

"Hey! Let's knock off the oral stuff for a bit, eh?"

The three years pass, and Brother John is again summoned to the Abbot. "Well, Brother John," says the Abbot. "You've been with us for nine years now, and you're allowed another two words. What are they?"

"I'm leaving," says Brother John. "Thank God for that," says the Abbot. "You've done nothing but winge and moan ever since you arrived."

Looking around an optician's for new frames, a man saw a pair of glasses priced at £10,000 displayed in a locked case. When he asked why they cost so much, he was told that everyone appeared naked when looked at through them. He tried them, and was amazed to find that they really worked. He bought them on the spot.

Rushing home to show his wife, he burst through the front door with the new glasses on and saw his wife and best friend together, both stark naked, screwing on the settee.

He pulled off the glasses and, much to his astonishment, when he looked again they were still naked. He put the glasses back on and, sure enough, they were still naked.

"Just my rotten luck," he snorted. "I pay £10,000 for a pair of glasses, I've only had them twenty minutes, and they're broken already."

Did you hear about the woman who smoked so much that she stopped having periods? Every month she had a fall of soot.

In the midst of a fierce battle, an officer shouted orders to a private nearby. Very bravely, the squaddy ran out into the line of fire to retrieve a briefcase from a dead soldier before diving back to safety.

"Jones, I'm recommending you for a medal, you risked your life recovering the locations of a secret warehouse!"

"Warehouse?" snarled the private, hurling the briefcase back out onto the battlefield. "I thought you said secret whorehouse!"

"Lots of things get my juices flowing, but speed is the best! One of my all-time great sex sessions was with this guy who rode a very big, powerful motorbike. I think it was a Suzuki. We were roaring through the night, and I was on the pillion, with my arms locked around his hard body and this massive machine vibrating between my legs. I actually came twice just riding. I got his cock out of his tight black leathers and held it while we rode. Then he pulled off the road into a field, and I lay down and he went straight into me, no messing. I was more than ready. The ride on the bike was all the foreplay I needed."

That Synching Feeling

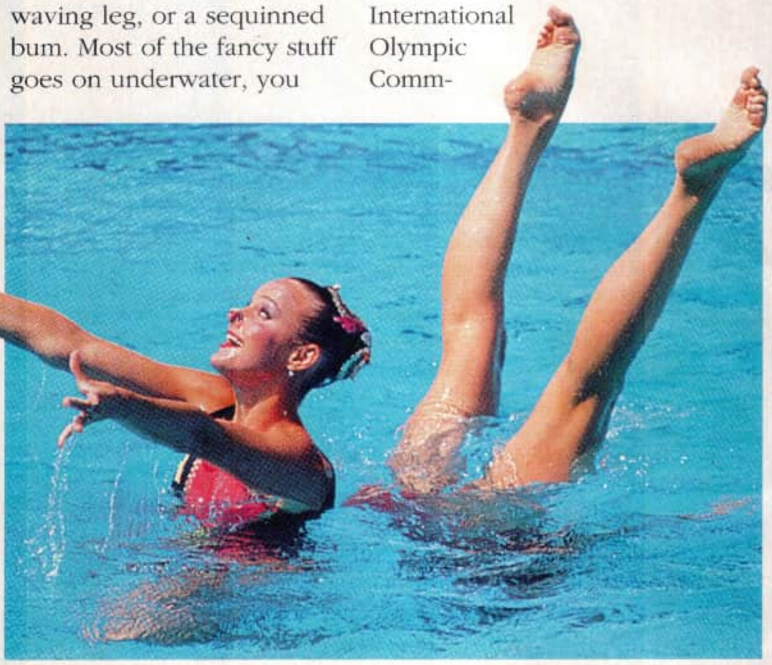
by HARRY PEARSON

Synchronised swimming. The very mention of it is enough to send former DJ and talk show host Terry Wogan into a fit of giggles. Throughout the Barcelona Olympics, an event he anchored for Radio 5, the Irishman chortled happily away at what he called the "drowning to music" competition.

And Wogan is far from alone. Just about every sports writer in the business thinks synchronised swimming is the biggest joke around. "It's the only sport where they do random drug tests on the spectators," one well-seasoned hack opined. "I mean, you'd have to be on something to watch that crap, wouldn't you?"

The majority opinion is not necessarily the right one, of course. With such a Niagara of scorn raining down, the temptation is to take the contrary view, to praise the young women of synchro for their dedication, fitness and graceful athleticism. After all, other Olympic events are equally worthy of derision. Just think of such terminally boring things as hand ball, the dreary farce of wrestling, and the pointless and painful water polo. There are others, too, that seem to owe more to a Junior Showtime talent contest than to sport, among them ice dance and rhythmic gymnastics.

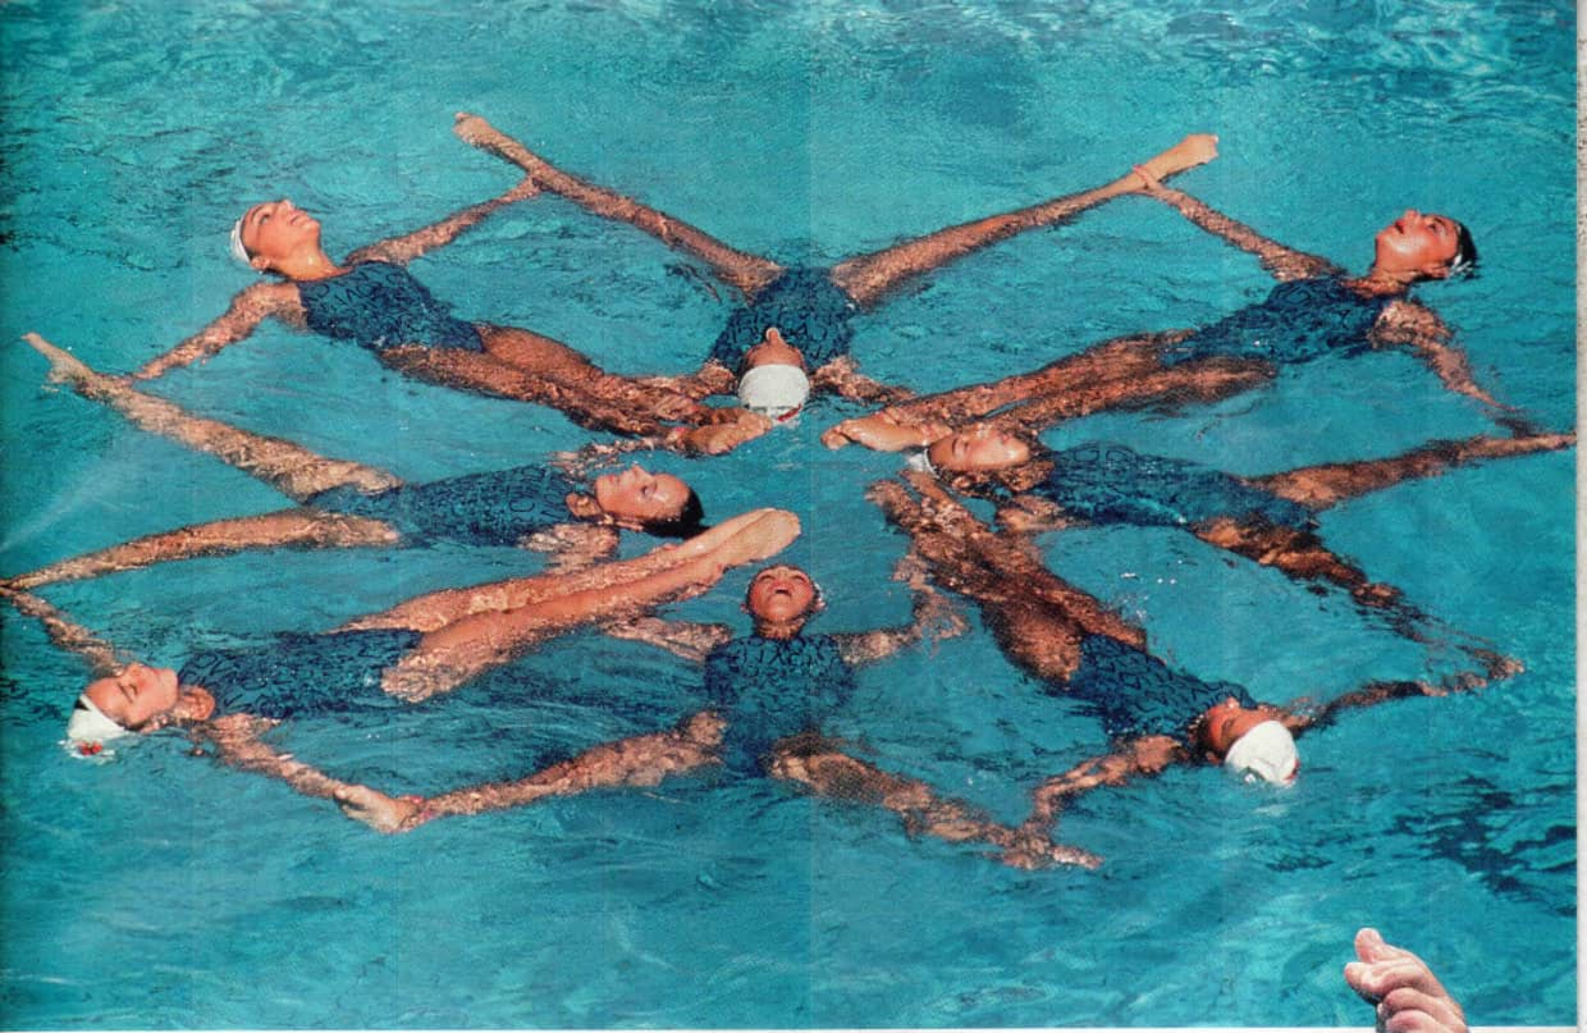
But none attract the same mixture of incredulity and scorn (though if ballroom dancing succeeds in its bid to be included in the Atlanta Olympics we may have to amend that opinion.) I have to admit that, in the teeth of such a universal gale of derision, the women of synchronised swimming have preserved an impeccable sense of humour.

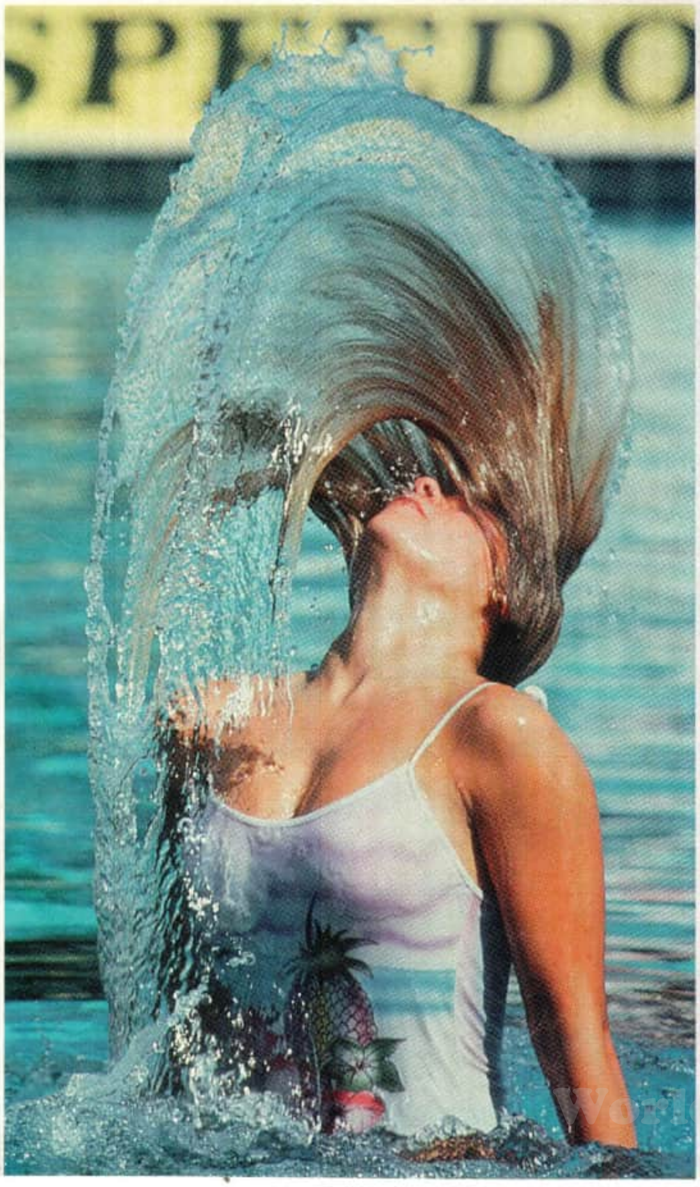


In the end though, no matter how strong the urge to play Devil's advocate and defend this most maligned of activities, I must say I find myself in agreement with a friend who, after witnessing the team event in Seoul observed: "As a spectacle, synchronised swimming is dead in the water."

The main problem is that you simply can't see what's going on. The individual event is especially unspectacular. The blue surface of the pool is only occasionally broken by a waving leg, or a sequinned bum. Most of the fancy stuff goes on underwater, you see (or rather, you don't). A fact that explains the synch swimmers' almost whale-like ability to hold her breath. During the show in Seoul, the American silver medallist Tracie Ruiz Conforto gave a practical demonstration, holding her breath for over two and a half minutes - a figure most of us only come close to matching when visiting the toilet in a curry house.

Synchronised swimming as we know and loathe it was invented by Monique Berlioux, a former executive director of the International Olympic Committee. Her high position in the Olympic movement may go some way to explaining the speed with which this new and, it must be said, ludicrous, sport was added to the Olympic roster. The synchers got their first outing (or should that be inning?) in Los Angeles, and by the time





that Olympiad was over synchro had entered the language as a byword for anything silly and pointless.

The nose clips, the naff musical selections, the garish "glamour" costumes, all contributed to synchronised swimming's position as the social outcast of sport. The competitors too have perhaps not always helped matters. The combination of fixed grins, scraped back hair, and pinched nostrils has given many of them a rather unusual appearance, to say the least.

The fact that many of the top performers are adolescents from the Pacific coast of North America has also inevitably added its own special brand of air-headedness to proceedings. Winning the individual gold in Seoul prompted Canadian Carolyn Waldo to observe, "I'm kind of brain-numb, I guess."

If you've ever watched more than two or three minutes of synchronised swimming, you'll know exactly how she felt.

"We're not gay, we're bi. We love men, and all the things they can do to us, and when we need a screw we go to a man. But we absolutely adore oral, and we've learned that no guy can give head like a woman can. So when it comes to spreading our legs for an expert tongue, we rely on each other. We know every inch of each other's bodies, know just when to be gentle and when to be rough. We spend hours on each other, coming over and over again. It's fabulous!"

OFFICE PARTY SEX

Why is it that so many of us misbehave at office parties? Perhaps it's the very idea of getting fresh with colleagues who you normally treat in such a straight-laced manner that is such a turn on? Or maybe it's just the perfect opportunity to indulge in wild abandoned sex with a workmate you've had your eye on for ages? This month EROS delves deep and checks out the motivation and momentum behind office party sex.

Kim is thirty three, a bubbly redhead with a curvy form, shaggy hair and sexy green eyes. She works as a secretary for a firm of solicitors in Kensington, and has been married for ten years. Although she loves her husband madly, she candidly admits to often having sex at office parties.

EROS: Tell me what it is about office parties that turn you on?

KIM: Well, I can't say that I'm actually turned on by office parties per se, but the concept of a quick knee trembler or a frenzied sex session over the desk with someone you've had your eye on at work is a turn on for me.

You see, the company that have employed me for the past five years arrange these brilliant parties twice a year, and because there are so many employees, somehow or other there always seems to be someone there that I fancy and end up screwing! Awful isn't it!

EROS: Good fun though?

KIM: Exactly. I remember the last office party we had. It was wild. I ended up seducing one of the young trainee accountants in a stationery cupboard. He was only about twenty three. He didn't know what had hit him when I got hold of him.

EROS: Tell us how you seduced him.

KIM: His name was Ben and he was very dark and sexy looking. Because our paths didn't cross at work, I'd hardly exchanged two words with him before the night when I got him to screw me,

EROS: What were you wearing?

KIM: I've got this really sexy navy pinstripe suit. It's a tailored jacket and a short tight skirt. I had that on with a low cut, white silk blouse, white bra, matching suspenders and knickers, seamed navy stockings and high heeled shoes.

EROS: How did you and Ben get together?

KIM: What happened was we kept bumping into each other every now and then during the evening. Then it got so I noticed that every time I caught Ben's eye he was looking over at me. So I went over and said, "Why do you keep looking at me?" He didn't beat around the bush, he just said something like, "Because you look really sexy." And then he apologised for staring. I told him not to be so daft and to come and have a dance with me. He smelt great as I clung to him. It was a slow dance, and I could feel his hard body pressing into mine and it was getting me very aroused. I didn't kiss him there on the dance floor because although some of my workmates get a bit carried away, I am married, so I didn't want to be that indiscreet. I whispered in his ear that I wanted to go somewhere quiet and kiss his big sexy lips. He seemed to like the idea, so I took hold of his hand and we went out of the room. In the corridor I broke away and told him to come with me. Told him I knew a place where we could be alone. Then I unlocked the stationery cupboard and pulled him inside with me.

EROS: At that point were you planning to go all the way?

KIM: Definitely. I even had the condoms in my pocket. I was as horny as a bitch on heat and there was no going back. My lips were all over him as I unbelted and unzipped him. His cock was semi-hard when I took it out and held it in my hand. I told him I wanted him to screw me and he began taking off my jacket. He slipped off my blouse and started to play with my tits as I wanked him slowly and surely. I love sucking big cocks so I got down on my knees and slid my lips up and down his shaft, concentrating on teasing his huge helmet with my tongue.

My pussy was very wet by that time, so I stood up and told him and guided his hand up between my legs. He pulled my panties down to my knees and very gently parted my thatch of pubes and rubbed a forefinger up and down my crack: He found my clitoris easily and rolled it around as he eased another couple of fingers up inside me. Then, when I was really jjuiced-up and ready, I told him to stick his big, hard cock in me. I could tell that he liked me talking dirty, and he began a bit of smutty talk as well. Telling me how he was going to stuff me full of cock, that kind of thing. And he was as good as his word.

Standing against the wall, he opened my pussy wide and slid his knob straight up. It felt so big that it lifted me clean off the floor. I let him thrust back and forth a few times so I could get used to the size, then wrapped my legs around his waist so I could feel his massive cock pumping away even deeper inside me. The whole thing was very dirty and frantic and I knew I shouldn't be doing it and that's always such a turn on for me, but I was getting off on the fact that I was being screwed by such a big, hard cock. I just adore big cocks. They Just hit the right spot for me and I can have one orgasm after another.

EROS: Thank you.

Mario is a male stripper who struts his stuff at hen nights and now and again at office parties. He's a good looking Brit with an Italian parentage. The Italian stallion with bulging muscles and a stomach you could use as a washboard is sexy, single and adores women. Recently he had a lot of fun when he was booked to strip at an office party.

EROS: Were there no men at this party?

MARIO: No, not one. I'm not sure why. Perhaps they had their own party? Or else only women worked there? Or maybe these women were so randy they just organised a party without the presence of any men, so they could get totally out of hand? I dunno, but being the only bloke there was fine

EROS: So, please tell us what happened to you.

MARIO: Well I was booked to do this strip, it was a Christmas do in the afternoon, in a small set of offices in Watford.

EROS: Please do go on.

MARIO: I go on stage dressed in ripped jeans, a denim shirt and a little G-string. When I say a stage, there wasn't a stage as such at this place, just a big space in the middle of the room. So I took off my shirt, and all these women started going crazy. A couple of them came up to me and wanted to touch me, so naturally I let them. Feeling all these wandering hands all over me was having a pretty amazing effect on my cock. There was this one little blonde that I really fancied, I took hold of her hand and guided it down to my belt. Straight away she started undoing it and the next thing I know this other woman was unbuttoning my Levis. My cock was really getting hard, and these two women started rubbing it through my G-string.

Well you know how much a G-string covers, so it was only a matter of time before it popped out. When it sprang out all hard and ready like that, a few other women joined in as well. Believe me, then it was just a free for all. I got a bit worried that they might get too rough and thought things might get a bit out of hand, so I took hold of my cock and began wanking it. I shouted over the music that I was feeling so turned on that I'd love a good, slow suck off. And basically asked for volunteers. So I told them if they wanted to suck my dick, they'd have to queue up, and they did. Just like that!

EROS: How many women were there?

MARIO: There was about twenty women at the do, and more than half of them lined up to suck my cock. I had my hand up a few of their skirts, feeling them up as well. It was wonderful. I let them at me two at a time and by the time we'd finished, I'd spurted three times and more than a few of them were covered in spunk. It was brilliant. I felt a bit weird collecting my £100 fee after that!

EROS: Thank you.

At just eighteen years old, Billi, a bubbly blonde from the North has just started her first job. A filing clerk for a large shipping company, the stunning teenager with model-girl good looks recently attended her first office party. Although her sexual experience to date had been limited to her one serious boyfriend, Billi found herself indulging in sexual relations with a work colleague.

EROS: Did you have any idea about the kind of things that went on at the office party?

BILLI: No idea whatsoever. I thought people shagging at office parties was just a fantasy written about in sex magazines. I could hardly believe my eyes when I saw people who'd hardly have a civil word to say to each other normally, snogging and cuddling in corners. After a few drinks I wanted in.

EROS: Did you think about your boyfriend?

BILLI. No I just thought about having a good time. The excitement of doing it with a stranger turned me on. I've always had a bit of a soft spot for this manager who works in my office. I knew he had a soft spot for me as well, but as it happened I only ended up having a quick snog and grope with him. It was the lady boss, I ended up doing it with.

EROS: She seduced you?

BILLI: Yeah, but I didn't need much seducing. She only had to kiss me and I wanted everything and more. By the time she had her hand on my tit, I was bloody dying for it.

EROS: Tell us what happened next.

BILLI: Well, I'll call her Miss D. She's about thirty five I suppose, has got a great figure and wears fab clothes. Anyway she kept on looking at me in a funny way when I was dancing. I had on this tight red number and it did keep riding up. Then she comes up to me and asks me if I'd go and help her fetch some more glasses. So of course, I say yes and off we go.

> **"There were about twenty women at the do, and more than half of them wanted to suck my cock"**

The next thing I know we're standing in this small kitchen very close and she's telling me I've got a lovely body. Then she puts a hand on my cheek and I know I want to kiss her. It was bloody weird but so sexy. It was amazing. I could feel her hot breath on me, so I open my mouth, close my eyes and she snogs me. I just let her do whatever she wanted with me.

EROS: You wanted her to make love to you?

BILLI: Oh God, yes! She lifted my dress up and slid her hand in my panties. I couldn't believe how wet I was. She sucked and bit on my nipples, and then she got down on her knees, pulled my knickers down to my ankles and slid her tongue right up inside me. She homed in on my clit strtaight away, and the moment she began licking me I came.

She licked my pussy and fingered me until I came twice, then pulled my panties up and my skirt down and told me to get back to the party.

EROS: Thank you.

A Voice in the Night

By Joanna May

She was alone and in need, so she picked up the phone and dialled around until she found a nice guy to talk to... Who says women don't make dirty phone calls?

Steve Baker was just dozing off when the bedside phone rang. He reached for it, cursing. The glowing green digits of the clock said 01.15. Who the hell could be calling at this hour? "Hello," he mumbled into the receiver, half asleep.

"Oh, I'm sorry," said a low, slightly husky female voice. There was a little, throaty laugh. "I must have misdialled. I do apologise." Even half asleep Steve knew a sexy voice when he heard one, and he woke quickly. "That's okay. Er - " His mind raced, trying to think of some way to keep the conversation going. She might hang up at any moment. "Who were you trying to get?" As if the name might mean something to him.

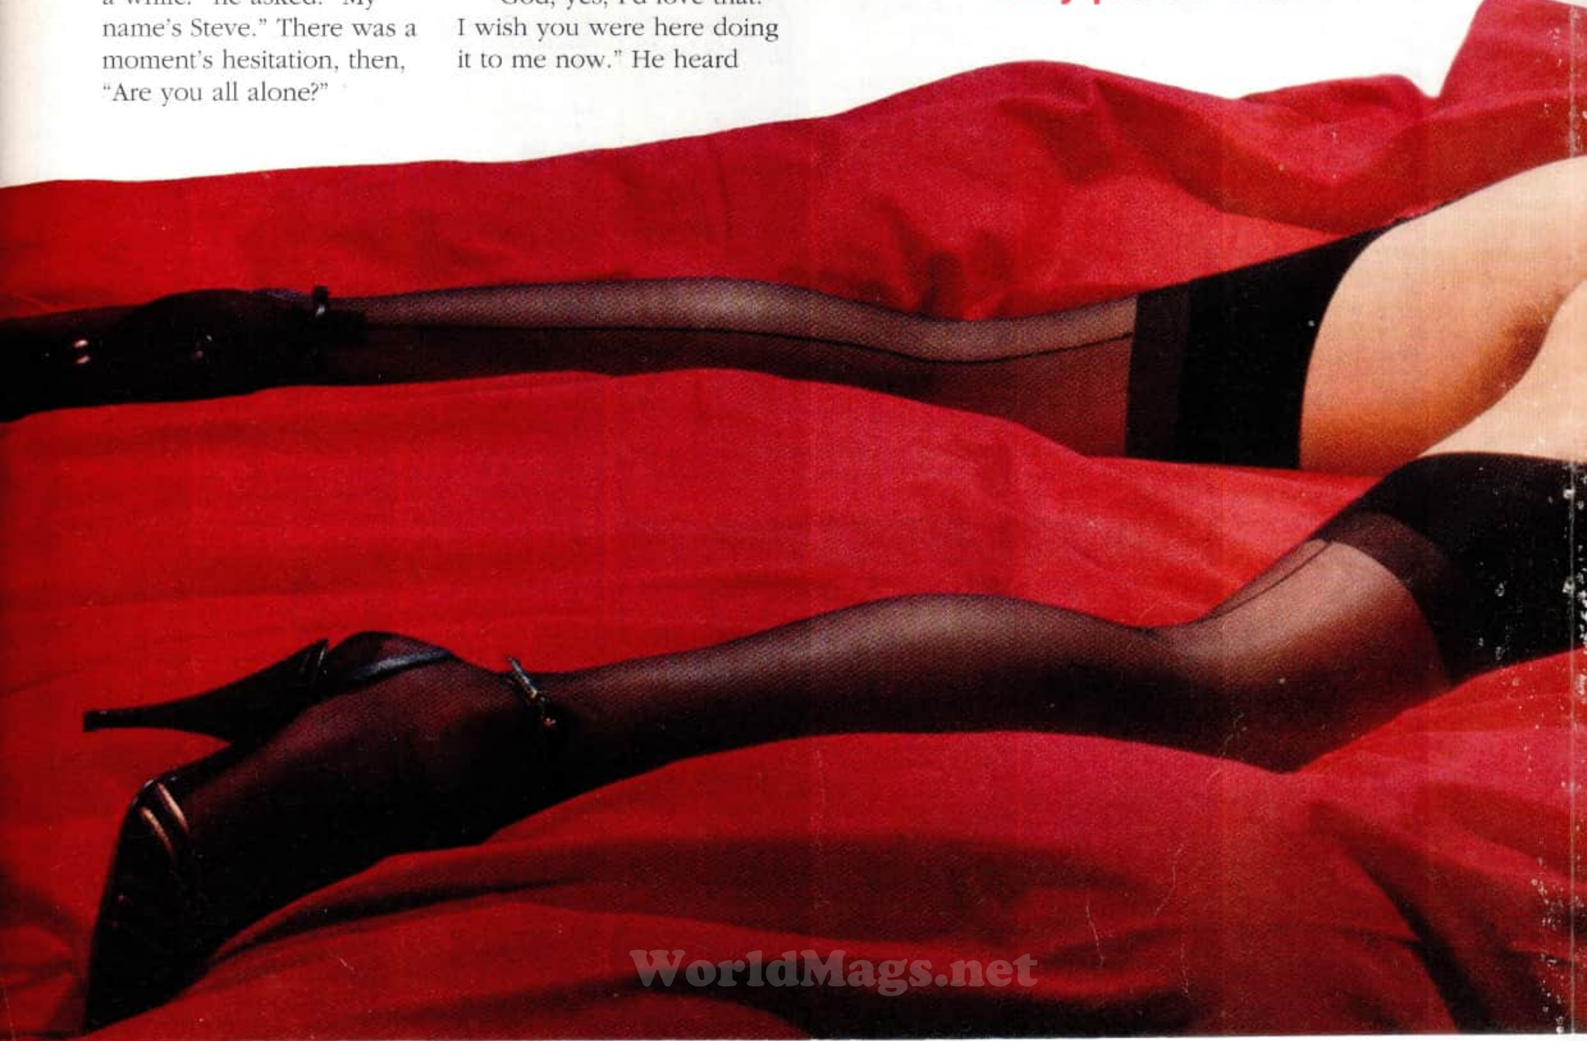
"Oh, just a girlfriend. My husband's away and I was feeling a bit lonely and in need of a chat."

"Why not talk to me for a while?" he asked. "My name's Steve." There was a moment's hesitation, then, "Are you all alone?"

Steve assured her that he was. "All right, Steve, let's talk. You can call me Lana." The more he heard it, the more he liked that low, purring voice. He wondered what she looked like. Maybe if he played his cards right he'd find out. "Okay, what shall we talk about, Lana?" Steve asked, making himself comfortable. "What do you like doing?

"Well, I quite like music and books and cooking and cats and all the usual things. But what I like most of all is sex. Let's talk about sex, Steve. I'm on heat. Tell me what you'd like to do to me." He gulped, hardly believing what he was hearing. Women didn't make dirty phone calls, did they? His cock was suddenly hard. He took it in his hand and began to stroke as he answered. "I'd love to open you with my tongue, taste you, drive you slowly crazy, sucking your clit. Would you like that?"

"God, yes, I'd love that. I wish you were here doing it to me now." He heard



her give a little gasp. "I'm so wet now. I've just touched my clit and it's enormous. I'm stroking it, pretending it's your tongue. Are you touching yourself, Steve? Is your cock big and hard for me?"

"Oh, yes," he murmured, watching his hand moving up and down his rigid shaft. "It's very big and hard now, and I'm doing it slowly, making myself wait, just the way I'd make you wait. Tell me what you look like, tell me what you're wearing. I want to imagine you while we're talking."

"All right. I'm twenty-two. I'm just over medium height, with long auburn hair and green eyes. I've got very long legs, and a nice curvy bum, and tits that are really a bit big for my height, big rounded ones with long, very sensitive nipples that I love having sucked. I love to have one guy sucking them while another one sucks my clit."

She moaned quietly. "I'm nearly coming, Steve.. My clit's so big and hard now. I'm lying on my bed, naked except for long stockings. I love the feel of them." Steve's cock was iron-hard in his hand. "You sound wonderful," he said shakily. "You're driving me crazy. I love big clits. My cock feels fantastic. I've just put baby oil on it."

"I don't need baby oil," Lana whispered, breathlessly. "The cream's absolutely pouring out of me. Listen, I'll put the phone down by my cunt so you can hear me playing with myself. I'm going to put my dildo up there." He could hear faint, rhythmic, squelching sounds, and imagined the thick length of hard rubber disappearing into her body, spreading the engorged labia, emerging shiny with her thick juices, then plunging into her again, over and over, as she fucked herself.

Hear Me Coming

Then she was on the line again, her breathing ragged. "I've got it right up me now, Steve, really deep inside. It's so big. Oh Christ, I'm coming! Listen to me coming darling. I've got my legs spread as wide as I can, and I'm squeezing my nipples very hard now. Oh, God, I wish you were here. I need your cock Steve." Then she was groaning and shouting. "Fuck me, use me, in my mouth, anywhere, just give it to me. Please, please… Aaaaaah…"

Her voice rose almost to a scream, and he could hear her babbling incoherently, panting and whimpering, begging to be fucked, over and over again. Unable to hold back any longer, Steve let his own orgasm begin, and shouted to her, "I'm coming, I'm with you Lana, I'm

spunking, take it lover, take my spunk…" As he shot his load, she emitted a long, drawn out sound somewhere between a scream and a groan, and they came together, calling each other's names. Then there was only the sound of their breathing, harsh and fast like that of runners at the end of a gruelling race.

When she came back on the line, her voice was shaky. "That was fantastic. Thank you Steve, darling. Are you still feeling horny? I hope you are, because I'm afraid I need more." He was horny right enough. Despite having just had one of the best comes ever, his cock was already stirring again. If Lana's voice alone could have this effect on him, what would she be like in the flesh? "I'm hard again. What do you need Lana? Do you want my spunk in your mouth and smeared all over your big tits? Would you like me to share you with a friend? You'd love two big cocks in you, wouldn't you?"

Her voice was trembling as she answered. "Oh, yes darling. Do anything you want with me. I've just put my nipple clips on. They're very tight and heavy. I wish you could see me spread out here. I've still got the dildo right up me, and I'm holding myself open and stroking my clit pretending you and another guy are using me. I'm your slave, your whore. Please may I have permission to come again Master?"

Steve slipped easily into her fantasy. It was one of his own favourites. "No," he snapped. "You may not come until I order you to, slut. Describe to me exactly what you are doing." When she answered, her voice had changed. It was still husky and sexy, but nervous now, and anxious to please. "Yes, Master. Thank you, Master. I'm lying on the bed with my legs spread very wide. I'm playing with myself, Master. I need cock desperately, I'm such a filthy little slut."

Lana moaned softly. "I've got it right up me now, really deep inside. I've got my legs spread as wide as I can and I'm squeezing my nipples very hard. My clit's so big and hard now, I'm nearly coming. I wish you were here, darling."

"You will assume the slave position," Steve ordered brusquely. "On your hands and knees, legs spread wide, head down and arse up high. Keep the phone on the bed beside your mouth so I can hear you. You may touch your clit with one hand. With the other you will explore both orifices. You will not climax without my permission."

The Slave Position

There was a pause, then she answered. "I'm in the slave position, Master, as you ordered. My legs are very wide and my back is arched so that my bottom is up as high as I can push it. I'm touching myself like you said." She sounded very breathless again, her voice unsteady. "It feels so good, Master. The clips are hurting my nipples beautifully."

Steve fought to keep his voice steady and commanding, watching his hand sliding up and down the length of his cock.

"Remember, if you come, you will be severely punished. Now, tell me what you are thinking, slut." She was panting now, and the words poured out of her in a breathless stream. "I'm a whore, Master. On display in public.Anyone who wants me can have me, man or woman. They can do anything to me. I'm touching myself the way your ordered me to. My clit's sticking right out, it's so big and sensitive now. And my bottom feels wonderful. I'm creaming so much, it's running all down my legs. Give me to your friends. Spunk all over my face, come in my mouth, use me, I'll do anything. I'm coming, I'm coming. I can't stop. Please, Master, let me come, I beg you. Punish me, Master. Use me, make me…"

Again he heard her come, moaning and babbling her fantasies aloud, and again he spurted his own cream so that they were coming together, both panting loving obscenities down the phone to each other as their bodies arched and writhed on beds miles apart. There was a long silence which she was the first to break, still breathless.

"That was wonderful, Steve darling. Thank you. Christ, how I needed that."

"You were fabulous, Lana. You're more exciting just on the end of a phone than most women are in bed beside me. We've got to meet. Please. I can't just let you disappear."

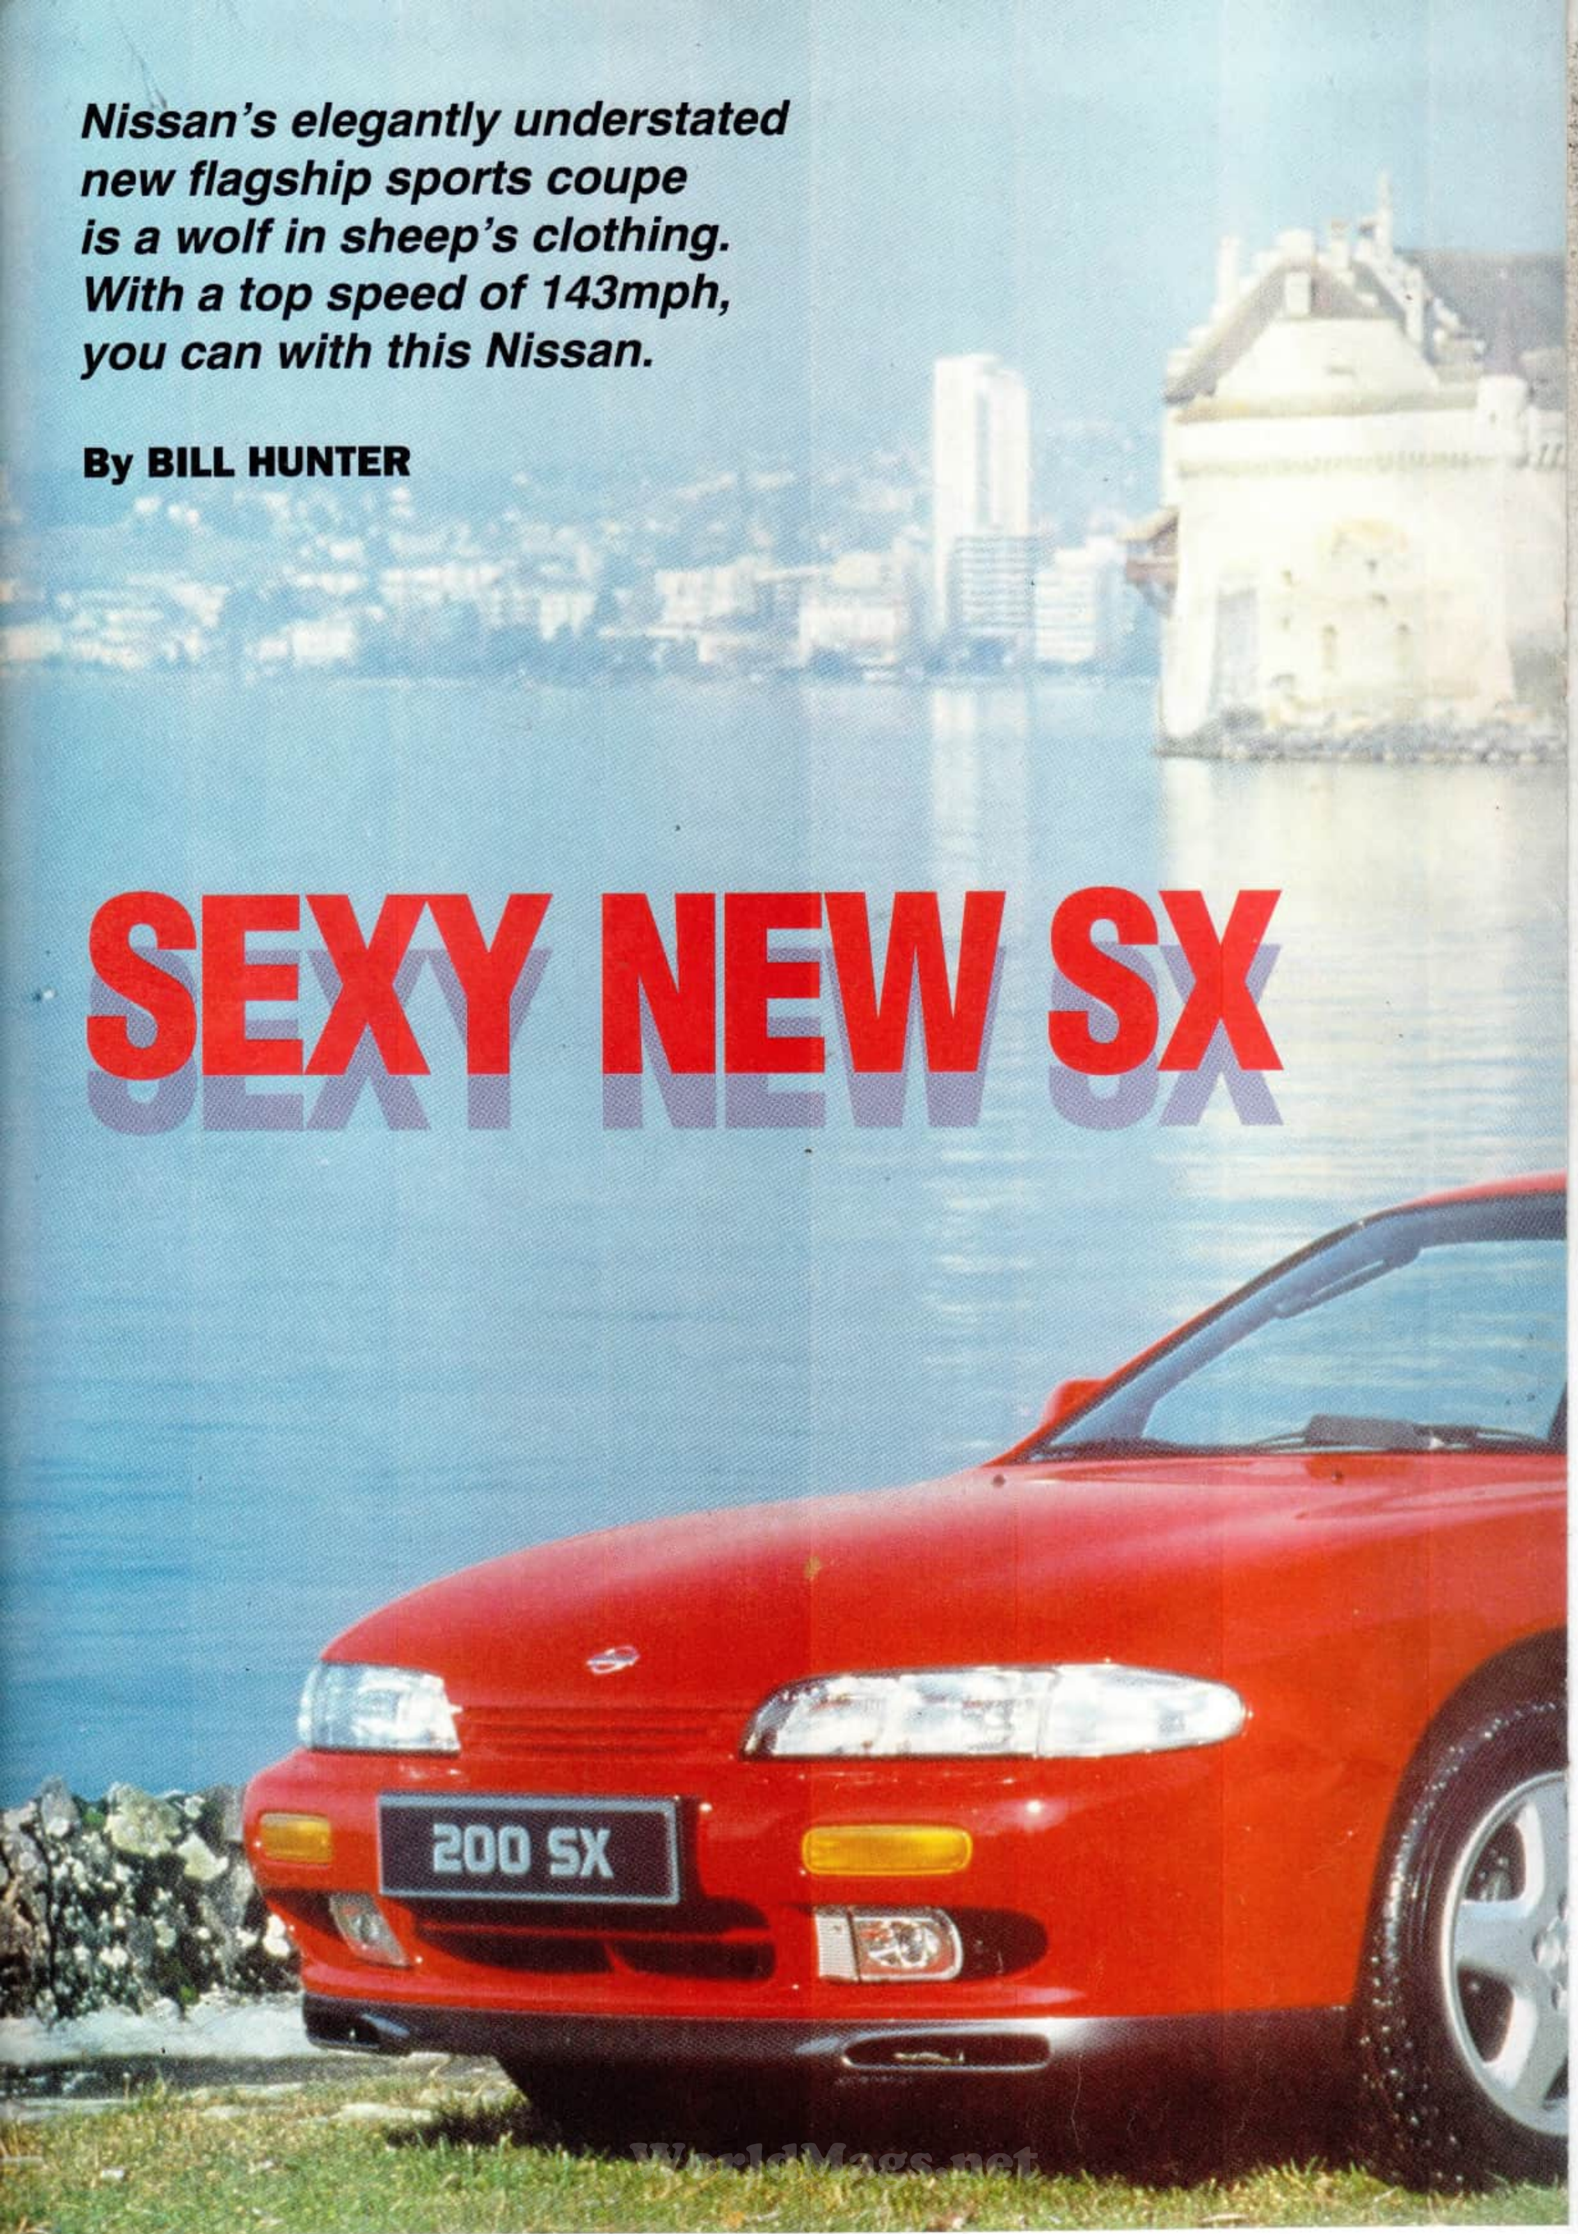
There was that throaty little laugh again. "I'm sorry, Steve. I warned you I was married. This is just something I do when Mike's away and I'm feeling horny. I pick numbers out of the phone book at random until I find a suitable guy to talk to, then let it all hang out. Tonight you were the one. But I never meet the guys, and I never ring the same number twice. That would be like being unfaithful to Mike. Goodbye Steve." The phone went down.

She never did ring again. But for many nights after that, Steve lay awake thinking about her, watching the glowing numbers on the bedside clock flicking past, and wondering which lucky bastard Lana was talking to now. As did many another sleepless, horny guy across the city.

Katia

"At the moment I'm very excited about threesomes. I've only recently had my first, and it was fantastic. I met this guy at a club, as you do. We liked the look of each other, so we left early and went back to my place. When we got there we found my flatmate, Terri, was in - her own date had fallen through. Anyway, we all sat around talking and drinking, it soon became obvious that he fancied Terri as well, and somehow we all ended up in bed together. It was so good - my sharing a hunky guy with Terri has always been one of our favourite fantasies. I'll leave the details to your imagination, but I can tell you we did things that only three can do!"

FOR MEN



Nissan's elegantly understated new flagship sports coupe is a wolf in sheep's clothing. With a top speed of 143mph, you can with this Nissan.

By BILL HUNTER

SEXY NEW SX

The 200SX, Nissan's new flagship sportscar, is a very good-looking motor, with elegant, flowing lines. But it's not the sort of car that stops traffic and turns heads. Designed at the company's technical centre in Japan, it's very different from the familiar 200SX shape - the angular fastback has now given way to a new generation rounded notchback that can only be described as elegantly understated.

But this car is a wolf in sheep's clothing. After 2,000 miles of every kind of road France and Spain could throw at us, the thing that sticks in the mind about the 200SX, is its very impressive performance. The way it turned any stretch of straight, clear road into an overtaking opportunity was phenomenal. This is one fast motor car.

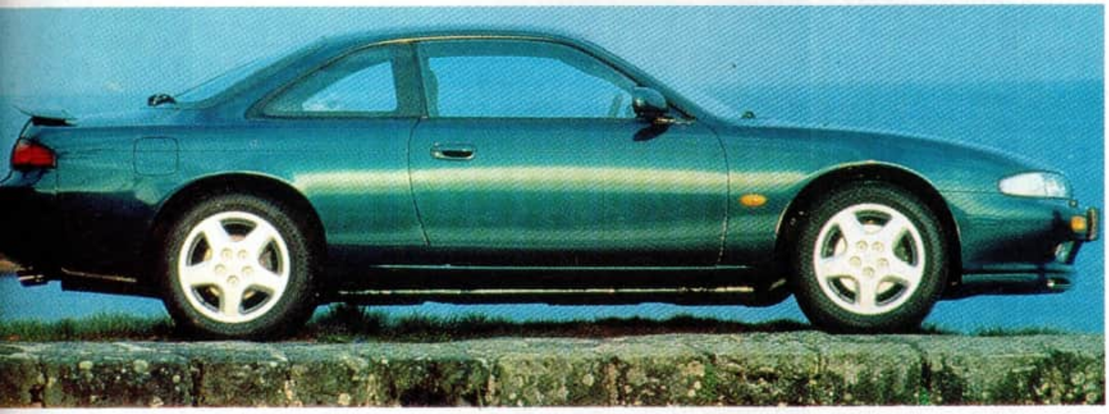
We were driving the more expensive of the two models which went on sale last month, and which is expected to account for more than eighty per cent of sales. Both feature anti-lock brakes, side impact door beams, driver airbag, alloy wheels, air conditioning (compensating for the lack of a sun roof), remote central locking and a Thatcham category one alarm/immobiliser. The more expensive version we drove gets a Touring Pack comprising leather seating, passenger airbag, and a ten-CD autochanger. The muscular 200PS engine is a development of the units used in the Primera GT and Sunny GTi-R, and it's the feature of the car that sticks most clearly in our memory. With 200bhp on tap, the 200SX goes from rest to 62mph in just over seven seconds and hits a maximum 143mph. It easily outpowers rivals like the Probe, Calibra, Prelude, Celica, MX-6 and Corrado.

Though the engine is turbocharged, you'd never know it. There's no turbo lag, and the spread of power across the rev range is excellent. There is usable power above 2,000rpm, but go over 3,000rpm and you really take off. Only if you let it drop below 1,000 rpm does it seem to bog down.

With a power plant like that you don't find yourself constantly changing gear, which is just as well because one of our few criticisms is that the gearchange is somewhat lumpy and awkward. No complaints about the brakes, though. The system, taken from the 300ZX, has all the stopping power you need.

Unlike any of its rivals, the 200SX uses the classic sporting rear drive layout, and a rear-wheel drive car with this sort of power should set any driver's pulse pounding. We tried not to do too much autoroute driving, but we couldn't avoid it altogether, and the 200SX never failed to impress - you reach 70mph at a very relaxed 3,000rpm in top gear. However, the lack of cruise control on a car like this is a bit of a let-down. The body, though shorter than before, is much stiffer, improving handling as well as impact safety. It also has a wider track and longer wheelbase, giving far greater stability. Suspension, too, is greatly improved, with MacPherson struts at the front and a multi-link system at the rear, offering better control and longer travel for precision of handling as well as greater ride comfort.

At speed, the car feels very stable. Our only (minor) complaint here is a that there's a touch too much wind and road noise. As for suspension, you do feel assorted lumps and bumps, but not so much as to be uncomfortable. Driving in town, the ride is firm but perfectly okay. Only when you start tearing around corners and flying over humpbacked bridges does the suspension lose its cool. Cornering generally is fast and flat and totally surefooted. The driving position, with adjustable rake steering wheel, is excellent. The seat has no height adjustment, but there is adjustable lumbar support. Legroom and headroom are both generous. Above all, the seats are extremely comfortable.



But if there had been three of us, we might have had a different story to tell. You expect a coupe, especially one calling itself a 2+2, to be a bit tight in the back. But the 200SX has even less space than the previous model, which was notoriously cramped. Apart from a few other minor quibbles, like the fact that the boot is a bit on the small side, and steering is a tad over-light, the 200SX is practically faultless. Overall build quality is superb; ventilation and heating are extremely effective (and easy to operate, unlike some we could mention); and the air conditioning is so good that we very nearly got frostbite in the middle of Spain.

Visibility is excellent all round, and cabin ergonomics could not be bettered. Enveloped by the sweep of the dashboard, with switches exactly where you want them, stalks that feel nice and chunky, and dials that are easy to read by day or night, the 200SX feels like home as soon as you get in it. The model we drove is priced at just over £20,000. The more basic version will set you back about £1,200 less.

"When I was young, I used to be rather embarrassed by my big breasts. But as I've got older, I've realised that men love them, and that makes me feel really good about myself. When I walk down the street, I can feel their eyes on them, and I know they're just dying to get their hands on them too. My breasts give me enormous pleasure now. They are so sensitive, I can bring myself off just by sucking the nipples very gently, and I do this a lot when I'm feeling horny. But best of all I like a big cock between them, covered in baby oil and moving to and fro, fucking me there. And then when the guy comes, his cream goes all over them, and I massage it in. I'm sure it's good for them. Maybe it's what makes them so big."

Vintage Erotica

These adult sex films produced prior to World War II contain sexually explicit material — when sex was dirty and people liked it that way.

Now with the aid of modern technology enhancement they are available to you on VHS Video — so go back in time when sex was a forbidden subject, to talk about it or see naked bodies was taboo, yet it was enjoyed in the same way as now yet performed with an innocence and in a natural way that 'modern' sex films cannot match.

Buxom women with the more traditional rounded figures with tits and thighs to match, the men eager, lewd and rampant to to get the stockings, bloomers, camisoles and bodices off the sometimes reluctant Victorian women — the end product though was quality frantic sex action, screwing, oral, group and the unusual — yes, even in those days.

IMPORTANT
These are "genuine" old pre-war adult erotica. They are not modern day re-enactment or staged and posed imitations.

Aquarius

20 January - 18 February
Jupiter in the House of Holy Jam Sandwiches means that adventures in catering could give you the blowjob of a lifetime. A woman with a streak of red in her hair and green eyes is thinking deep thoughts about what you said to her on the phone, and you may find that a large bottle of creme de menthe is a wise investment before the 21st. Do not let the mystery letter writer see that you are disturbed by the week-old haddock you received in the morning mail, stay calm and demand to see a solicitor.

PISCES 19 February - 19 March
You will gain nothing in the long run by trying to kid yourself and everyone else about whether or not you are going to shag the girl who is making all the running. An astral collision in the House of Fraser means you are likely to meet someone very special while purchasing new underwear. When you are asked to clear out the attic of a distant relation, be careful about which of the two ornaments you choose to take as a souvenir, as one is possessed by an evil demonic being,

ARIES 20 March - 19 April
Car trouble is likely in the second quarter of the new moon. For those who do not drive, this is likely to mean setting off the alarm of your worst enemy's vehicle when you bump into it on your way home from the pub. Dogs and cats will develop a violent dislike of you when Mars crosses the House of Experimentation. This does not help your chances of pulling that girl who sucks celery sticks in such a deeply meaningful way. Asking her if it's true that she can suck an orange through a garden hose is even less likely to make her want to practice her oral

TAURUS 20 April - 20 May
Make sure you are looking passable, if not your absolute best, whenever you leave the house this month, as the stars indicate a meeting with a roving camera crew, and you will want to look as seductive as you can while engaged in such ritual humiliation as being taught morris dancing by three bearded men waving handkerchiefs. You are likely to have sex in the shower with a voluptuous blonde, but if she even mentions Alfred

Horoscopes

Hitchcock, shoot your spunk over her tits and run for your life. When passing a shop with a handwritten sign in the window, do not go inside unless you have seen four badgers waiting on the other side of the street.

GEMINI 21 May - 20 June
Now is a good time to think about facing up to your responsibilities. If you seriously believe you have caught a dose of crabs, go and get a check-up. Pluto barks at Alpha Centauri on the 15th so beware of ugly women bearing cans of lager and sporting hats with corks on - especially if the nearest they have been to the Antipodes is Clive James on the telly. You will not have sex more than once this month, unless you remember at all times that discretion is the better part of valour. If you are going to invite a lady home, change the sheets first.

CANCER 21 June - 22 July
If you sometimes get the feeling that nothing is quite the way it seems, be aware that you are not the only one. Practical jokes with a water pistol have a nasty habit of backfiring around the 23rd, and when Thingy traverses the House of Heartburn try to cut down on the amount of curry you eat. A chair upholstered in black velvet may conceal a whoopee cushion if it is in a room with two candelabra and a red carpet. The girl with green eyes is still very keen on getting into a kinky sex-type situation, especially around the 17th.

LEO 23 July - 22 August
When you meet a girl who takes you back to her place and demands it doggy fashion, hard and fast, try to persuade her to do it on the living room floor if you are unsure of the stability of her bed frame. Now is not a good time to become too closely acquainted with your local casualty department, especially if you have a thing about women in uniform. A toy monkey and a hat trimmed with feathers both belong to a girl who is dating someone you cannot afford to upset, so be careful who

more than one work colleague, and will lead to jocular remarks and rude notes left on your desk. Something very nasty will happen on the 12th, so stay at home and do not answer the doorbell.

LIBRA 23 September - 22 October
Vomiting through the sun roof of a neighbour's car is not advisable if you want to persuade said neighbour that his dog is digging up your flowerbeds. You should be very warmly dressed if you are going to visit a sickeningly happy newly-wed couple in the country. When the central heating fails, they will have their love to keep them warm, but you will be reduced to stealing the cat's blanket. A window with two broken panes in a house with a green front door, shows that someone knows the truth about the mystery woman with the fake driving licence.

SCORPIO 23 October - 21 November
The Sun in the House of Haemorrhoids indicates that you should avoid sitting on cold, wet surfaces for a while, although you may feel that it is worth the suffering when the nubile receptionist asks you to take her ice skating. She is likely to prove very demanding in bed, so you should stock up on condoms before your date. The jar of pickled fruit someone gave you for Christmas has developed a crack and leaked all over the larder floor, and that is the source of the odd, sweetish odour that greeted you on the morning of the 20th.

SAGITTARIUS 22 November - 20 December
Should you notice a slim brunette smoking a small cigar in an ebony holder, you may get lucky if you sidle up to her and whisper, "Is that a gnu in your pocket, or are you just pleased to see me?" However, if she is a female impersonator, she just might punch your lights out. Fish and kidneys stewed in sweet cider do not form the basis of an aphrodisiac pie with which to seduce the new sexual interest in your life. Let her do the cooking. Do not allow yourself to be drawn into altercations with large

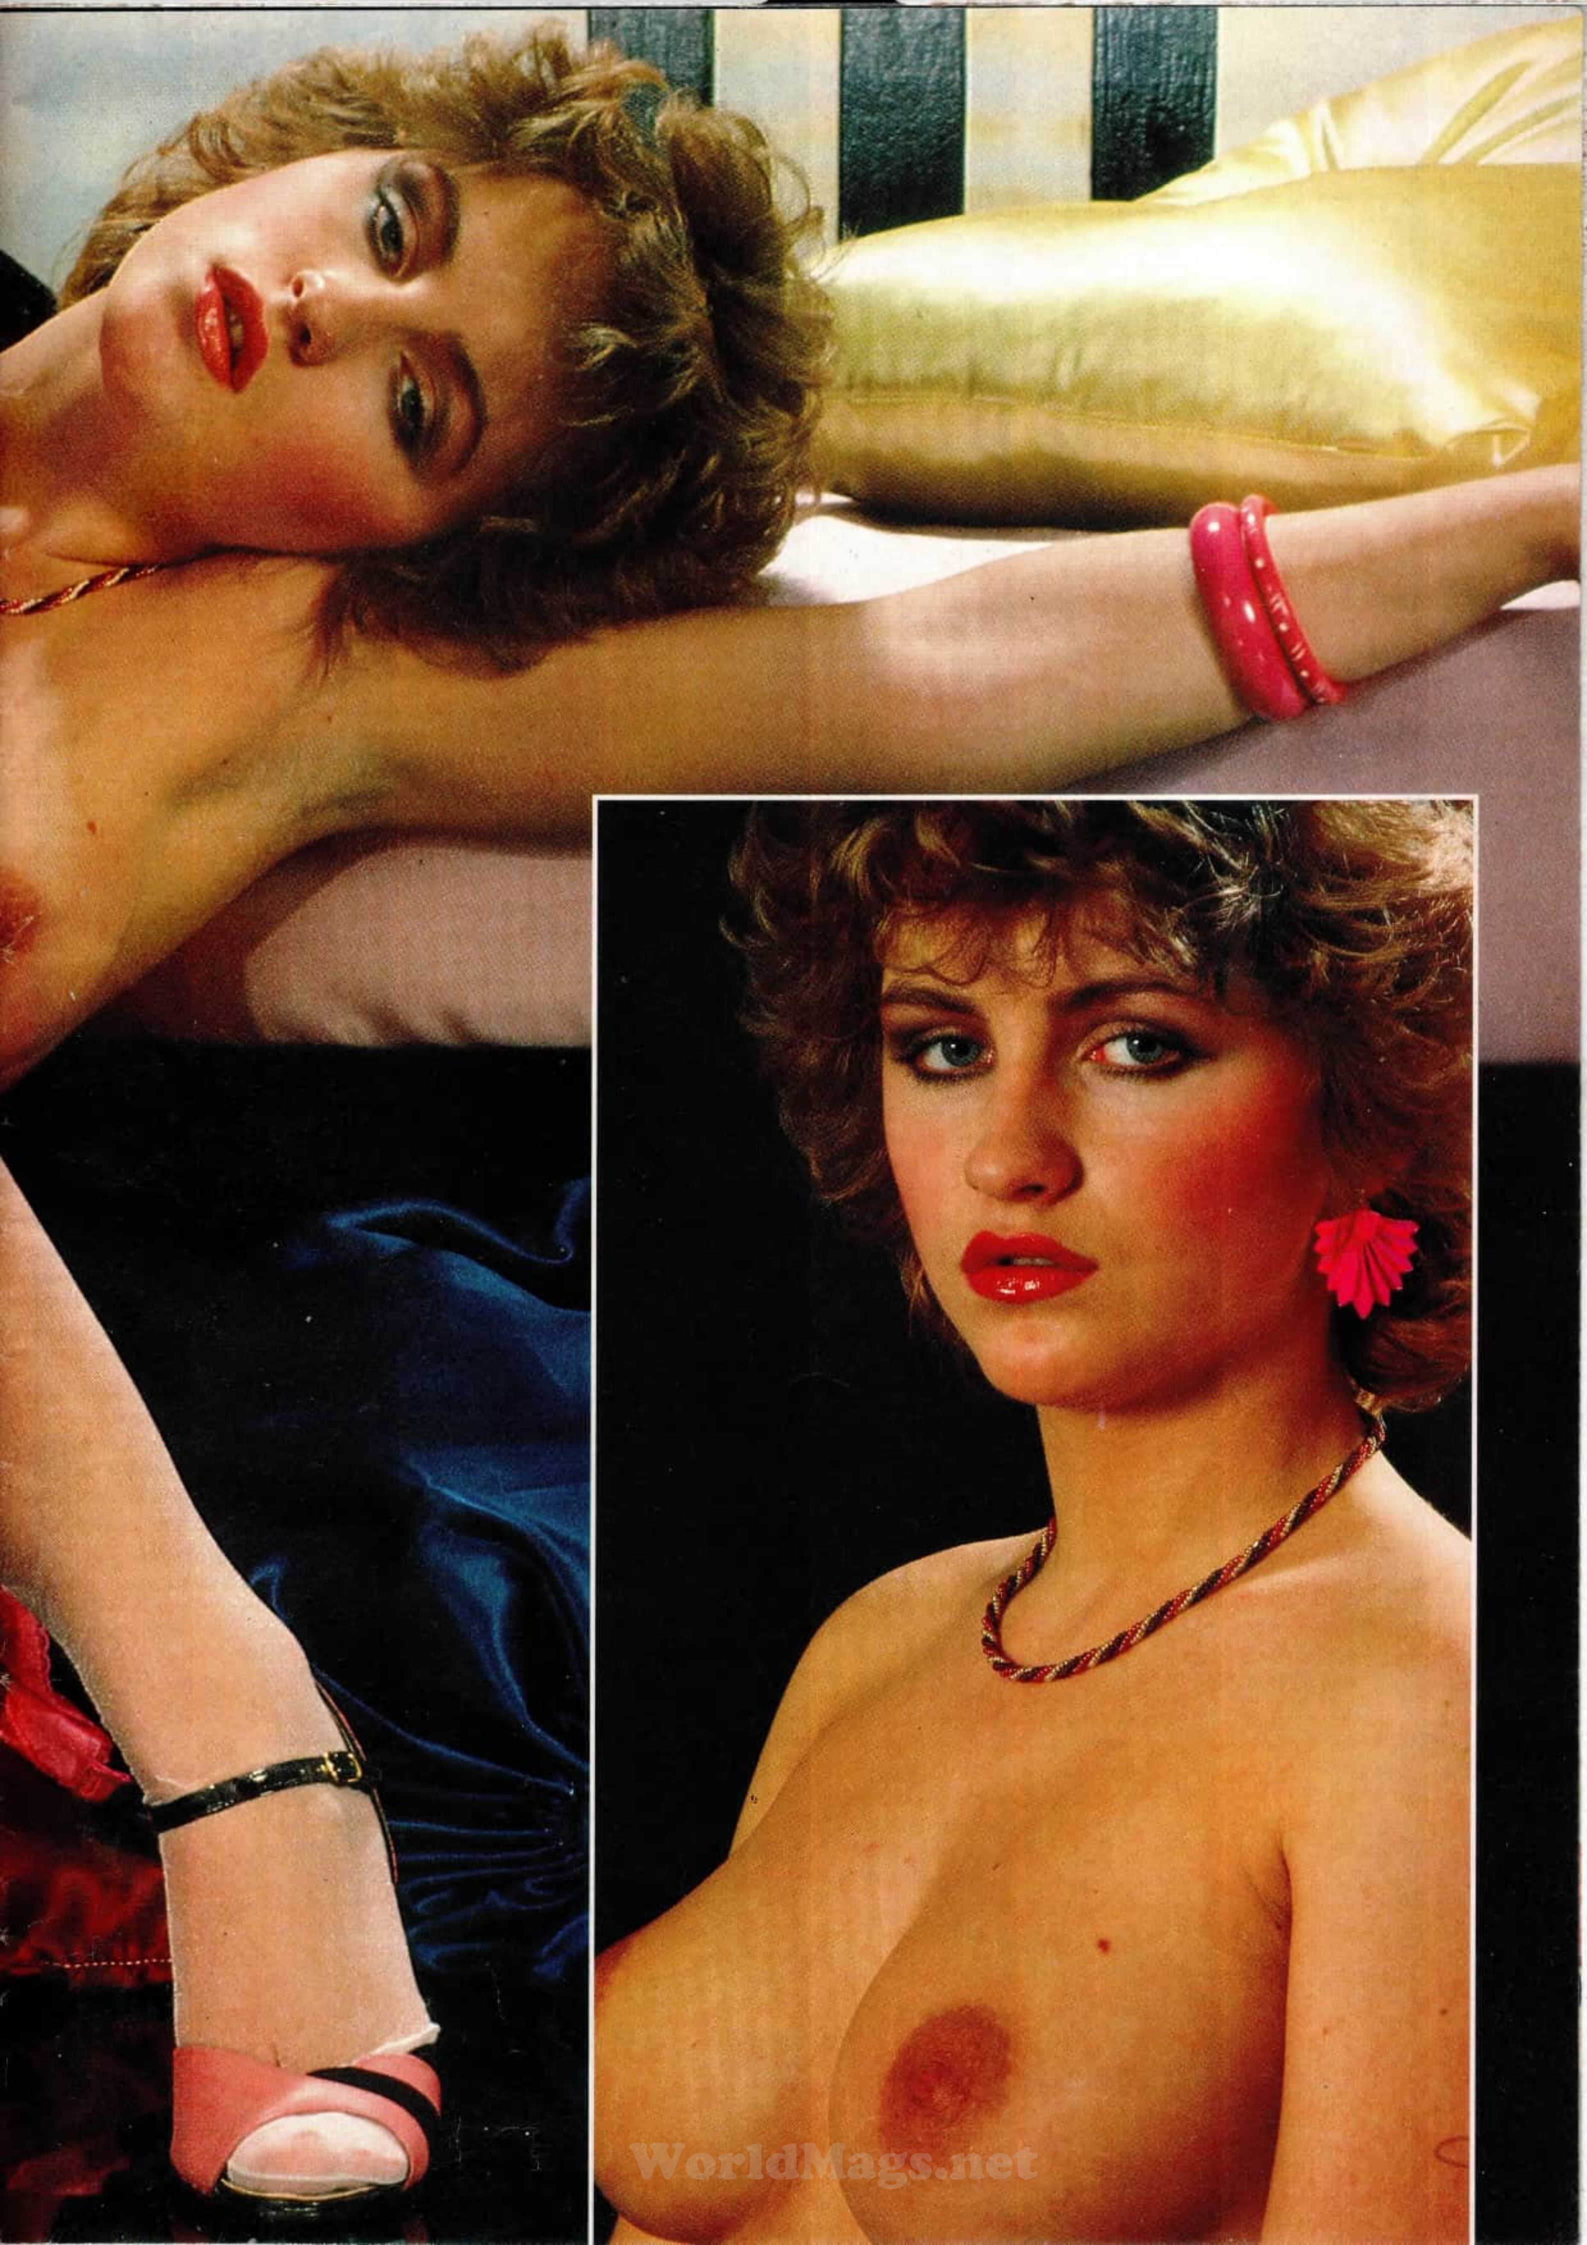
Fiona

ours



"My name's Fiona, I'm nineteen, and an art student. The main reason I agreed to be photographed like this by another student was curiosity - I wanted to know what it felt like. And to my amazement, I discovered a strong streak of sheer, tarty exhibitionism in myself. As you can see, I was wearing either very revealing, erotic lingerie or I was totally naked. And I posed in ways that completely exposed my most intimate places. I became a real little slut. Yet it all felt so good. I didn't find it at all embarrassing or difficult. Basically, I just showed myself to the camera as though I was alone with a lover. I don't suppose I'll ever do it again, but it was a terrific turn-on and I enjoyed every minute of it."

WARNING: We would like to warn all potential customers that this advert does not feature normal hard sex hetro videos. It features much more extreme and way out sex featuring unusual models — the younger female, pregnant women, older women and even our famous film **Animal Love Farm!** The state of some of the models and acts they perform may shock you. Be warned... *Do not purchase is you are shocked or easily offended.*

EUROPE'S MOST "BIZARRE" VIDEO COLLECTION

Buy before they're banned!
Hardest specialist videos in the UK

THIS collection of "Specialist Subject" videos, which have never been available on general release in this country before, are now brought to you by *"Video Confidential,"* Europe's leading specialists in fetish sex, in a quick and secure service. Before today, these videos have only been available in the twilight world of the back streets of Soho. *"Video Confidential"* believe this to be wrong, and now offer them to you at A QUARTER OF SOHO PRICES and are proud to open up to every reader the exciting, sensual world of Specialist Sex.

We cannot predict the reaction from the authorities to this open approach to the previously unexplored and unavailable world of fetish sex, so we urge you to make your purchase today in case this ad is now allowed to appear again.

BUY NOW — BEFORE THEY ARE BANNED!

Foot Fetish £24.95

FOOT FETISH, female domination and the world of leather, rubber and latex are all here in the strongest foot fetish video available. Boots, court shoes, stilettos, plimsolls, socks, flip-flops and even toe-painting and chiropody! Again there is plenty of hard core action to keep you interested, plus an incredible foot masturbation scene. **A must for every serious submissive man and foot fancier.**

Granny Sex £24.95

HARD, explicit and graphic. Women over 40, and 50 and even over 60! Some are fat, some are thin, all are experienced and dirty. The sex is incredible, full sex, A and O with plenty of splash — loads of old fashioned underwear (including corsets and directoire knickers). **These are the horniest grannies in Europe and they're out to prove it! They've had years of sexual experience.**

Pregnant Love £29.95

A SPECIALIST subject that attacts many thousands in the UK. Women in the full flush of pregnancy are seen by many as being at their most beautiful, sensual and sexual. This video explicitly explores many "Milking Maids" in wide ranging sexual acts in intimate explicit close-up and slow motion. **Not just a horny experience but also an unusual, beautiful and moving one.**

Female Shaving £24.95

A VERY popular fetish is the bald beaver, and yet this is the only video we've found with true close-up and variant clipping and shaving action. The girls do it to themselves, to each other and also the blokes get a go. **Just for good measure it ends up with a truly explicit close-up shaven shafting extravaganza. Truly magnificent hairless muffs as smooth and hairless as a billiard ball.**

Animal Love Farm £29.95

THIS video has changed hands for over £150 in Soho. We cannot describe its hard action contents fully here, but we believe the title says it all. This video is the only one of its type available in Britain today that we know of. If this subject is your thing, you will never see a harder, more explicit example of this exciting sexual topic — **only for the most unshockable viewer. It's unbeatable.**

Lady's Doctor £24.95

AGAIN we can't go into much detail in this magazine, but we all know what we're talking about here. We have sold this very specialist film for £200 in Soho and Amsterdam. Do not buy this video unless you know just what to expect from the ultimate adult, games of doctors and nurses. **This video was intended to shock — and it does! It won't be around for long — buy it today!**

On The Couch

Felicity Ryder answers your sexual, emotional and personal problems

Me and my mates have heard that some ladies shoot when they have an orgasm, but none of us have ever experienced it. James's girlfriend, Sonia has been rubbing the front of her pussy, where the G- Spot is supposed to be, in order to make herself shoot but has never managed it. Can you let us know what the truth is and, if possible, tell us where we can see gushing in action. Is there a blue film or documentary about it?

> ***'Sonia has been rubbing her G-Spot in order to make herself shoot...'***

It is rather rare but some women seem to have more of a G Spot than others. Some women ejaculate automatically to most orgasms, others find that if they practice enough they can manage it, others never seem to spurt however much they try. If Sonia feels no lump where the G Spot should be, even after rubbing herself, then perhaps she falls into the third category and may never manage it. You might tell her to think carefully about whether or not she seriously wants to start shooting ejaculate, as it does make everything wet and freaks partners out if they are not used to it!

One of Britain's porn stars, Sarah Jane Hamilton is a female ejaculator and in her film, Rainwoman 6, she comes all over her partner's face. In The British are Coming, she and her screen partner come all over each other's genitals, which looks equally impressive. These are hardcore videos which are difficult to find in the UK. There are also some "how to" female ejaculation videos that were made in California. One is "The Magic of Female Ejaculation" made by the House O' Chicks which I didn't think much of, and hope that the other one, put out by On Our Backs is better, although I *haven't seen it. But you can rest assured that female ejaculation, rare though it may be, is a reality. Do encourage Sonia to persist with her efforts to shoot. After all, practice makes perfect.*

SEX IN A TRANCE

Have I got a tale for you! Actually, it's so wicked you might advise on whether or not I should actually report the guys. I think things like this just shouldn't be allowed.

We were on tour in Germany and were being put up in this resort with the other performers. I won't go into details about who we are, for security reasons. In the next suite to us were a team of hypnotists. They were booked as entertainers and they had a great sense of humour as well as being excellent at their trade. The next night we got absolutely no sleep. The sounds coming out from the suite next door were unbelievable. You've never heard laughter and screaming like it. Me and the boys are no spoil sports, but we got pretty fed up with the noise.

It's awful knowing someone is having a better time than you - especially all night! We knew the hypnotists had got some girls in with them, in fact we'd seen them with a group of six pretty blondes earlier in the evening. I think they were some backing singers. All busty and luscious, kind of page three style.

Well, the following night, one of us (not me) got lucky with one of these same girls. Roger, as I'll call him, got off with Lizzie, the tallest of the bunch. She had long, long legs, huge tits and an eager smile. I was doing OK with Joy, another bombshell but she was overcome with tiredness and asked to be excused for the night, promising to see me the following morning, when she'd feel better. Roger went off to Lizzie's room for a bunk-up and I went to bed alone. Well, Roger came back at five in the morning, and woke me up with this amazing tale. He said he wanted to tell me before I'd set off for my liaison with Joy, to tell me about what had happened.

Lizzie had been eager to please Roger and went down on him almost as soon as he was in the door. She sucked well, dragging her lower lip and tongue individually along the underside of his dick, until they reached the tip, when they lingered. Her eyes were alternately focusing on the end of his cock and his face. I got all these descriptions and wondered where they were leading. I think Roger was trying to put me in the picture - that this was one hell of a horny woman and he was getting all steamed up for a hot, sweaty session. When his cock could take no more without bursting, he moved her jaws back, helped her onto the bed and undid her blouse. Her breasts were held inside a lacy bra which was soon unhooked and there, before his eyes were two large,

"She sucked him well, dragging her lower lip along the underside of his dick"

On The Couch

perfectly formed breasts. Both of them were covered in bite marks. "What's been happening here?" he had gasped out loud, staggered by the massive, red and purple bruises. She looked down without concern and said, "Nothing! Why, what's the matter with them?"

"These marks" – he pointed to each mark individually. "Come here , let me show you in the mirror." He led her to the bathroom and put on the light. The bites and scratches looked even more gruesome and painful under the neon.

"I don't know what you mean." she said. Roger thought she was having him on, and began to get annoyed. How could she play so innocent? Perhaps she was just dumb. "See, this one here, it looks like a bite. This is a bruise, and this is a scratch."

"It's coming back to me now. I think I can see what you mean. I must have been in a fight. But I don't remember. I haven't been with anyone except you."

That's when it all started to fall into place. She'd been hypnotised the night before with her singer friends, and they had obviously been told to get into some heavy lesbian action, biting each other's tits and god knows what else. Then they'd been hypnotised to not be able to see the bruises, or remember anything.

"What a nerve," I exclaimed. "That's the equivalent of rape."

"Wayne," he looked at me very seriously indeed. "Please come with me. I think we should tell the two girls together. I told her I was nipping out to buy some fags, but I don't want to leave her alone too long, sitting looking at those bruises. Get your kit on and let's go."

I agreed. We set off along the corridor and decided we should pick Lizzie up and go to Joy's room. There, together, we should gently break it to both of them, and then either split, or else stay with them for comfort.

Lizzie looked a little blank when we both arrived at her door, and we said we'd decided that we should have a foursome breakfast, with Joy. She came along although I could tell she wanted Roger on his own and was worried about what was happening.

We sat the girls down on the bed and told them straight what we felt about it all. We said we hoped they would take it OK, and we wouldn't tell anyone if they didn't want us to, and we would help them all in any way we could.

They'd had lesbian S/M sex without knowing it, while in a trance

Joy lifted up her night dress and looked at her tits. They too were marked and she was having difficulty in seeing the marks. Lizzie took her off to the bathroom to show her. Luckily, they came out of the bathroom laughing, and seemed to think it was incredible that they'd had lesbian S/M sex without knowing it, with men watching. I don't think these guys should get away with it. Please advise.

The hypnotists must have convinced the girls that they'd had an enjoyable time, doing things they wanted to do and loved doing, so they didn't have bad memories or feelings about it. What goes on in their brains apart from that, goodness only knows.

I should imagine these men will get found out eventually, and struck off or done for rape. They do seem to be taking an incredible risk. But really I can't advise you as to whether you should report them or not. It's up to each individual on such matters. You could say that it's really up to the girls tin question to complain.

How To Leave A Message For Someone On Our New Voice Mail

We have now got a new, easier system on our Voicebox Service, either to leave a message for that special someone or to listen to messages left for you, just dial 0891 232274. Following a brief explanatory message, you will be guided through choices which you can access by just requesting the service you require.

To Leave A Message For Someone

You will be asked the number of that persons Voice Mail Box from the bottom of their ad. (in brackets after the telephone number) so have this to hand. You will then be able to record the message you wish to leave and hear it played back. Don't worry, we will not 'post' your message until you are 100% happy with it.

When you make your message, remember to include the sort of things that might make the other person to be attracted to make contact with you. And don't forget the basics - age, sex, height, colour of eyes and hair, what part of the country you live in and any specific contact details, especially concerning discretion.

We have now got a new easier system to work on, you can use any telephone when using this new service. If you have any problems about this or questions, one of our operators will be glad to help. Our office is manned from 9 am to 6 pm every day except Bank Holidays. (Just call 0202 760272). Calls are charged at 39p per minute at cheap rate and 49p per minute at all other times. This service is operated by TMG Ltd., in conjunction with this magazine, PO Box 1186, Bournemouth BH24 3YL.

Kate

"Nothing makes me cream quite so much as wearing very expensive, sexy lingerie. I love wearing long, sheer stockings and feeling my thighs rubbing and slithering together, I adore the feeling of taut suspender straps running down my thighs. And I love to feel my waist constricted and my breasts squeezed by a really tight basque. Best of all, I love wearing pure silk knickers. They're so soft and slippery, every time I move it's like having my bum and pussy massaged very gently by some guy who really knows his stuff. I'm wet all the time I'm wearing them. When I put them on in the morning, I know that I'm going to need sex by lunchtime."
